**ADMINISTRATIVE ORDER**

By direction of the United States District Court for the Eastern District of Missouri, the designated Lead Tenant Agency of the Thomas F. Eagleton and Rush H. Limbaugh Courthouses under Executive Order 12977 and Appendix D of the 2021 Department of Homeland Security Interagency Security Standards,

**IT IS HEREBY ORDERED** that:

- (1) All persons granted entrance into either the Thomas F. Eagleton Courthouse or the Rush H. Limbaugh Courthouse are permitted to possess electronic devices such as smartphones, any cellular or mobile devices, computers, or other electronic equipment and web-enabled equipment, while inside the Courthouse; subject to any restrictions set forth by any agency for that agency's space within either Courthouse, or as otherwise set forth in this Order;
- (2) The possession and usage of other cameras or recording equipment within either Courthouse is only authorized by specific Order of a Court or policy of an agency within either building, or as specifically authorized in this Order;
- (3) Before persons with cameras, recording equipment, or electronic devices are granted entry into the Courthouse, all such devices must be examined by Court Security Personnel. This examination may include, but is not limited to placing the device through an automatic or electronic screening and inspection system and requiring the person possessing the device to turn the power to the device off and then on;

(4) Unless specifically authorized by the Court or a judge (including but not limited to attorneys using an electronic device in a pending matter), persons possessing an electronic device may use their device while in common areas of the courthouse, such as lobbies, but the power to all electronic devices shall be turned off upon entry to a courtroom; nor shall persons be permitted to leave electronic devices on when entering courtrooms by placing the device in airplane mode or placing the ringer of the device to vibrate instead of making an audible ring. Use of photographic, recording, and communication equipment in a courtroom or any area adjacent to a courtroom is governed by Rule or Order of the specific Court. District Court policy can be found in [Local Rule 13.02](#) and Bankruptcy Court policy can be found in [Local Rule 9075](#);

(5) For the safety and security of all tenants and members of the public who enter the courthouses, no person may use a camera or electronic device to photograph or record the following interior areas of the courthouses: all building entrances and exits, security checkpoints, General Service Administration common areas, public spaces, lobbies, foyers, corridors, and assembly rooms. Prior written approval for photography or recording in these areas may be granted for matters of public interest by Order the Chief Judge of the District Court;

(6) The United States Marshals Service may limit the manner and location of the photography and recording described in paragraph (5) above in order to protect the ability of the public to ingress and egress the building and for other purposes related to court security;

(7) Under 28 USC § 566, the United States Marshals Service is hereby directed to enforce this Order and, in doing so, may confiscate the camera or electronic device from any person violating this Order; and

(8) If the United States Marshals Service determines that a heightened security threat exists, the United States Marshals Service may restrict cameras or electronic devices from entering the building until the United States Marshals Service determines that the heightened security threat is over.

SO ORDERED this 16th day of July, 2021.
